

Orlando welcomes Jiaxing

Thursday 21st July 2011 10:00-1:30

Sheraton Hotel, Downtown Orlando

Learn about Jiaxing, China and discover possibilities for collaboration

This seminar will provide an outline of the city of Jiaxing, in the south east of China and explore possibilities of bilateral cooperation in investment, trade, R&D, education, and infrastructure development. In 2010 the city's GDP reached \$31.5 billion, an increase of 13.7% and, with its long history of 7000 years, it is now opening to the outside world and proceeding to internationalization.

This event is aimed at building closer relationships between Jiaxing and Central Florida, particularly between companies involved with **medical equipment, aircraft and automotive products, new high tech fibers, cartoon design technology, environmental protection and renewable energy, and tourism and recreation sectors**. The event will provide a better understanding of the opportunities for American SME's in Jiaxing, as well as explain the direct channels to market in the region, with the aim of boosting business cooperation through collaboration.
